---

Good morning Debbie,

On Wednesday, October 19<sup>th</sup>, the Arts and Humanities 1 Panel of the ASC Curriculum Committee reviewed a new course proposal for EALL 7706.

I am pleased to report that the course was unanimously approved with two contingencies:

- **Contingency:** The Panel would like further clarification in the course syllabus regarding how students are expected to complete their three observations of “other linguistics courses” as discussed on pages 1 and 2 of the syllabus. They have a concern that students will be unable to find these courses on their own and, also, that this may be placing undue burden on other departments to allow DEALL students to observe in, for example, a Department of Linguistics classroom. They also would like to know if the department reached out to linguistic-teaching units to confirm their cooperation, as this could be a significant number of students requesting observations in a limited number of courses.
- **Contingency:** The Panel asks that the department work with Bernadette Vankeerbergen, ASC Assistant Dean for Curriculum, as they are aware that this course is a part of an upcoming certificate program and is currently set to be graded S/U. However, they are unsure if S/U courses are able to be counted within a certificate program.

I will return EALL 7706 to the departmental queue via curriculum.osu.edu in order to address the Panel’s feedback above.

Should you have any questions, please do not hesitate to reach out to David Staley, faculty Chair of the Arts and Humanities 1 Panel, or me.

All my best,  
Michael
