Subject: Proposal to create an Integrated General Biology Specialization
Date: Wednesday, November 15, 2023 4:23:43 PM
Attachments: [image001.png](#)

Adam and Harold:

The proposal from the Center for Life Sciences Education to create an Integrated General Biology Specialization for the Biology major programs (BA and BS) was approved by the Council on Academic Affairs at its meeting on November 15, 2023. Thank you for attending the meeting to respond to questions/comments.

No additional level of internal approval is necessary. This action will be included in the Council's next [Annual Activities Report](#) to the University Senate (July 2024).

The Office of the University Registrar will work you with any implementation issues.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions please contact the Chair of the Council, Professor Fábio Leite(.11), or me.

I wish you success with this important program development.

Randy

W. Randy Smith, Ph.D.

Vice Provost for Academic Programs
