Good afternoon,

On Thursday, September 14th, the Natural and Mathematical Sciences Subcommittee of the ASC Curriculum Committee reviewed a revision to the Biology major that creates a new specialization.

I am pleased to report that this revision has been unanimously approved.

The revision to the Biology major will now be reviewed by the full Arts and Sciences Curriculum Committee at an upcoming meeting. You will (or may have already) receive an email from Rachel Steele, ASC Curriculum Program Manager, with further details.

Should you have any questions, please do not hesitate to reach out to Ian Hamilton, faculty Chair of the Natural and Mathematical Sciences Subcommittee, or me.

All my best,
Michael

I acknowledge that the land that The Ohio State University occupies is the ancestral and contemporary territory of the Shawnee, Potawatomi, Delaware, Miami, Peoria, Seneca, Wyandotte, Ojibwe and Cherokee peoples. Specifically, the university resides on land ceded in the 1795 Treaty of Greenville and the forced removal of tribes through the Indian Removal Act of 1830. I honor the resiliency of these tribal nations and recognize the historical contexts that has and continues to affect the Indigenous peoples of this land.
