Good morning,

On Tuesday, Nov. 28th, the Themes I Subcommittee of the ASC Curriculum Committee and the Theme Advisory Group for Lived Environments reviewed a course proposal for History of Art 4798.03.

The reviewing faculty unanimously approved the request with two recommendations and one comment:

1. Comment – The reviewing faculty feel that this course is a wonderful fit for the Lived Environments theme, and they commend the department for their responses on the GEN Submission Form, which clearly and convincingly explained how the course meets the goals and ELOs of the category.
2. *Recommendation* – The reviewing faculty recommend that the department amend the course schedule (syllabus pgs. 6-8) to integrate the Lived Environment ELOs into descriptions of the daily topics and activities, so that students are more aware of the connection between the course's topics and the GEN Theme.
3. *Recommendation*: The reviewing faculty recommend that the department reach out to the faculty and staff of the Knowlton School of Architecture with information about this course, as many students from that School may be interested in this Education Abroad program.

As a reminder, *recommendations* (in italics above) should be implemented when the course is next taught. History of Art 4798.03 will continue through the approval process to OAA.

Should you have any questions about the feedback of the reviewing faculty, please feel free to contact Jim Fredal (faculty Chair of the Themes I Subcommittee; cc'd on this e-mail), Liz Griffith (faculty Chair of the Lived Environments TAG; also cc'd on this email), or me.

Best,
Rachel
