RE: Video Arts Minor Revision

The Department of Theatre, Film, and Media Arts proposes a reduction in the total credit hour requirement for the Video Arts Minor from 17 credit hours to 15 credit hours. A description and rationale for the change is attached, as well as a copy of the minor program form with tracked changes.

Students enrolled in the Video Arts Minor are increasingly facing challenges to completing minor requirements. This revision would help to alleviate these challenges and better align with many minor programs across the college. We would like to implement proposed changes immediately upon approval.

Department of Theatre, Film, and Media Arts
Proposal for Revision of the Minor in Video Arts
October 2023

REVISION REQUEST

The Video Arts Minor is an interdisciplinary minor program through which students explore traditional, alternative, and artistic means of media delivery in a variety of expressive and creative contexts.

CURRENT REQUIREMENTS: The Video Arts Minor requires that students complete 17 credit hours of coursework in four categories:

1. Foundation Courses: 3 credit hours
2. Basic Tools and Concepts Courses: 3-7 credit hours
3. Issues and Techniques Courses: 3-7 credit hours
4. Electives: Students complete the remaining credit hours to reach a total of **17 hours for the minor**. These courses may be chosen from the list of Elective courses or from courses in the Basic Tools and Concepts and Issues and Techniques categories.

PROPOSED CHANGE: Reduce the total number of credit hours required for the minor to 15 credit hours for new and current students. This change would reduce the number of elective hours students need to complete to reach the minimum total credit hours for the minor:

1. Foundation Courses: 3 credit hours
2. Basic Tools and Concepts Courses: 3-7 credit hours
3. Issues and Techniques Courses: 3-7 credit hours
4. Electives: Students complete the remaining credit hours to reach a total of **15 hours for the minor**. These courses may be chosen from the list of Elective courses or from courses in the Basic Tools and Concepts and Issues and Techniques categories.

An updated minor program form with tracked changes is included with this proposal. Once approved, these changes will take immediate effect for both incoming and current students.

RATIONALE

Students enrolled in the Video Arts Minor are increasingly facing challenges to completing minor requirements. Given available courses, students must regularly complete more than 17 credit hours or petition to compete the minor with fewer than 17 credit hours. Many courses are offered infrequently or are in high demand from multiple programs, which limits available options for students to complete the minor. The proposed reduction to 15 total credit hours will help to alleviate these challenges and better align with many minor programs across the college.

We expect to propose further revisions to the course options for the minor later this academic year. However, we aim to ease the minor completion requirements for current students as soon as possible by submitting this revision to the total credit hour requirement on a more accelerated timeline.
