Dear Chair and Members of the Arts and Sciences Curriculum Committee:

On February 7, 2024, the Arts and Humanities Subcommittee 2 reviewed a request from the School of Music to revise the Music minor through updates to three areas of study: ensembles, music theory, and musicology.

Some of the proposed revisions were clerical in nature and involved adjustments to the Advising Sheet – e.g. to eliminate a typographical error; remove a course that is no longer taught; amend the credit hours for two courses to reflect changes that had been approved previously. Others involved adding courses to given areas of study to provide students with additional options to complete their coursework.

A&H Subcommittee 2 voted unanimously to approve the request with five contingencies. Those items have since been addressed by the unit and the proposal is now advanced to the ASCC with a motion to approve.

Sincerely,

Laura A. Podalsky
