Subject: OSU-Mansfield Biology Major Proposal
Date: Monday, April 15, 2024 10:30:00 AM
Attachments: [image001.png](#)

Good morning,

As you know, on Wednesday, April 3rd, the Natural and Mathematical Sciences Subcommittee of the ASC Curriculum Committee reviewed a proposal for The Ohio State University at Mansfield to offer B.S. and B.A. degrees in two specializations in the biology major, the Pre-health Professions Specialization and the Integrated General Biology Specialization.

I am pleased to report that the Subcommittee unanimously approved the proposal with the following comment:

- The Subcommittee appreciates the work that has been put into this proposal and is very much in support of the Mansfield campus offering these specializations in their entirety.

As a reminder, the proposal will continue through the approval process to the full ASCC this Friday (4/19/24).

Should you have any questions, please do not hesitate to reach out to me.

Best,
Jennifer
