Adam and Harold:

The proposal from the Center for Life Sciences Education to revise the Biology majors leading to the Bachelor of Arts and the Bachelor of Science and the Biology minor was approved by the Council on Academic Affairs at its meeting on December 4, 2024. Thank you for attending the meeting to respond to questions/comments.

No additional level of internal review/approval is necessary. This action will be included in the Council's next [Annual Activities Report](#) to the University Senate (July 2025).

The Office of the University Registrar will work you with any implementation issues.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions please contact the Chair of the Council, Professor Sue Sutherland (.43), or me.

I wish you success with these program revisions.

Randy
