Good afternoon,

On Monday, February 24th, the Theme Advisory Group for Traditions, Cultures, and Transformations reviewed a GEN Theme: TCT request for History 2231.

The reviewing faculty approved the request with the following feedback:

- **Contingency**: The reviewing faculty note that the department has removed the ELO explanation in the syllabus entirely as a result of the previous feedback suggesting that the language be shortened. They apologize for any confusion and request that the department include language in the syllabus that briefly ties the course assessments and activities to the ELOs. This will be especially helpful to instructors in the future who choose to design their own syllabus for this excellent course.
- *Recommendation*: The reviewing faculty recommend that the department remove the reference to Digital Flagship from the syllabus, as the initiative ended in 2023. [Syllabus p. 6]

As a reminder, **contingencies** (in bold above) must be addressed and resubmitted via curriculum.osu.edu before this course can move forward in the approval process. *Recommendations* (in italics above) should be implemented when the course is next taught.

I will return History 2231 to the department queue via curriculum.osu.edu in order to address the above feedback.

Should you have any questions about the feedback of the reviewing faculty, please feel free to contact Jamison Kantor (faculty Chair of the Theme Advisory Group: TCT) or me.

Best,
Jennifer
