---

Good afternoon,

On Friday, May 2<sup>nd</sup>, the Themes II Subcommittee of the ASC Curriculum Committee reviewed a new Origins and Evolution proposal for Earth Sciences 2207.

I am pleased to report that the Subcommittee unanimously approved the request with one recommendation:

- **Recommendation:** The Subcommittee recommends updating the following syllabus statements (which can be found on the [ASC Curriculum and Assessment Services website](#)):
  - Religious Accommodations (pages 11-12)
  - Sexual Misconduct Statement (page 13) references the Office of Institutional Equity, which has been renamed.
  - Diversity Statement (page 14) contains links to sunset offices (ODI & CBSC), which should be removed.

The proposal will advance through the approval process to OAA.

Should you have any questions, please do not hesitate to reach out to me.

All my best,  
Michael

*I acknowledge that the land that The Ohio State University occupies is the ancestral and contemporary territory of the Shawnee, Potawatomi, Delaware, Miami, Peoria, Seneca, Wyandotte, Ojibwe and Cherokee peoples. Specifically, the university resides on land ceded in the 1795 Treaty of Greenville and the forced removal of tribes through the Indian Removal Act of 1830. I honor the resiliency of these tribal nations and recognize the historical contexts that has and continues to affect the Indigenous peoples of this land.*
