---

Good afternoon,

On Wednesday, March 5<sup>th</sup>, Natural and Mathematical Sciences Subcommittee of the ASC Curriculum Committee reviewed a distance learning and course content change request for Food Science and Technology 1200.

I am pleased to report that the Subcommittee unanimously approved the request with one recommendation:

- **Recommendation:** The Subcommittee recommends updating the Student Life – Disability Services statement (as found on syllabus pages 17-18). The statement was updated for the 2024-2025 academic year. The most up-to-date statements can be found on the [Office of Undergraduate Education's website](#).

Food Science and Technology 1200 will continue through the approval process to OAA.

Please don't hesitate to reach out either me or Christopher Hadad, faculty Chair of the Natural and Mathematical Sciences Subcommittee, with questions.

All my best,

Michael

*I acknowledge that the land that The Ohio State University occupies is the ancestral and contemporary territory of the Shawnee, Potawatomi, Delaware, Miami, Peoria, Seneca, Wyandotte, Ojibwe and Cherokee peoples. Specifically, the university resides on land ceded in the 1795 Treaty of Greenville and the forced removal of tribes through the Indian Removal Act of 1830. I honor the resiliency of these tribal nations and recognize the historical contexts that has and continues to affect the Indigenous peoples of this land.*
