Good afternoon,

On Wednesday, January 22nd, the Natural and Mathematical Sciences Subcommittee of the ASC Curriculum Committee reviewed a new course request for Biology 1111 and a new course and GEN Foundation: Natural Sciences request for Biology 1112.

I am pleased to report that the Subcommittee unanimously approved Biology 1111 and unanimously approved Biology 1112 with one recommendation:

- **Recommendation:** The Subcommittee recommends removing the Legacy General Education information, found on page 2 of the course syllabus, given that this course will not have GEL status.

Both Biology 1111 and 1112 will continue to the approval process to OAA.

Please don't hesitate to reach out to me should you have any questions.

All my best,
Michael

I acknowledge that the land that The Ohio State University occupies is the ancestral and contemporary territory of the Shawnee, Potawatomi, Delaware, Miami, Peoria, Seneca, Wyandotte, Ojibwe and Cherokee peoples. Specifically, the

university resides on land ceded in the 1795 Treaty of Greeneville and the forced removal of tribes through the Indian Removal Act of 1830. I honor the resiliency of these tribal nations and recognize the historical contexts that has and continues to affect the Indigenous peoples of this land.
