Subject: Design/ACCAD 5104

Good morning, all! ACCAD/Design 5104 was reviewed this morning by the Arts and Humanities 2 Subcommittee. Formal feedback will follow in about a week, but the course was passed with two contingencies and a couple of recommendations. The good news is that the two contingencies are something that we can take care of for the departments, with your permission.

First, both courses need to exclude the other course; that is, ACCAD 5104 should not be open to students with credit for Design 5104 and vice versa. **May we make that change in curriculum.osu.edu for both courses?**

Second, the prerequisites should not include the course titles. Currently, the prerequisites are listed as:
> ACCAD 5002 Computer Animation I, DESIGN 4104/ACCAD 6002 Computer Game Art and Design I, or instructor's permission

May we change this to the following?:
> ACCAD 5002 or 6002; or Design 4104; or permission of instructor.

If that works, we'll get it taken care of now, and we can then move the course forward. These items will be included in the formal feedback so that there is a record, but of course by then they'll be no action required.

Please let me know if this is ok, or if you have questions.
Best,
Rachel

I acknowledge that the land that The Ohio State University occupies is the ancestral and contemporary territory of the Shawnee, Potawatomi, Delaware, Miami, Peoria, Seneca, Wyandotte, Ojibwe and Cherokee peoples. Specifically, the university resides on land ceded in the 1795 Treaty of Greeneville and the forced removal of tribes through the Indian Removal Act of 1830. I honor the resiliency of these tribal nations and recognize the historical contexts that has and continues to affect the Indigenous peoples of this land.

Hello Rachel,

I am in agreement with you making the two changes outlined below. Agree that it will bring clarity to students,

First, both courses need to exclude the other course; that is, ACCAD 5104 should not be open to students with credit for Design 5104 and vice versa. **May we make that change in curriculum.osu.edu for both courses?**

Second, the prerequisites should not include the course titles. Currently, the prerequisites are listed as: ACCAD 5002 Computer Animation I, DESIGN 4104/ACCAD 6002 Computer Game Art and Design I, or instructor's permission
May we change this to the following?:
ACCAD 5002 or 6002; or Design 4104; or permission of instructor.

Hi Rachel,

I'm going to pull Fabienne to speak on behalf of Design just because I know Mary Anne is traveling at the moment.
