Jeremy, Katie, and Nikki:

The proposal from the College of Arts and Sciences to revise the Computer and Informational Science (CIS) majors leading to the Bachelor of Arts and Bachelor of Science degrees was approved by the Council on Academic Affairs at its meeting on January 14, 2026. Thank you for attending the meeting to respond to questions/comments.

No additional level of internal review/approval is necessary. This action will be included in the Council's next [Annual Activities Report](#) to the University Senate (July 2026).

The Office of the University Registrar will work you with any implementation issues.

Please keep a copy of this message for your file on the proposal and I will do the same for the file in the Office of Academic Affairs.

If you have any questions please contact the Chair of the Council, Professor Sue Sutherland (.43), or me.

Thank you for this important action..

Randy
