---

Good afternoon,

On Tuesday, January 13<sup>th</sup>, the Natural and Mathematical Sciences Subcommittee of the ASC Curriculum Committee reviewed a new course request for EEOB 3610.

The Subcommittee approved the request with the following feedback:

- **Comment:** The Subcommittee notes that some of the course content in the calendar may present accessibility challenges (e.g., links to websites and YouTube videos in the course calendar). Beginning in April 2026, [ADA digital accessibility requirements for OSU](#) as a public institution will be significantly expanded. The Subcommittee encourages the departments to be mindful of these forthcoming requirements and recommends consulting with the college's accessibility coordinator.
- **Recommendation:** The Subcommittee recommends that the department include in the Religious Accommodations statement (syllabus p. 7) a *link* to the Civil Rights Compliance Office email address. The statement, including the required links, is available in an easy-to-copy/paste on the Office of Undergraduate Education's website.

As a reminder, *recommendations* (in italics above) should be implemented when the course is next taught.

EEOB 3610 will continue through the approval process to OAA.

Should you have any questions about the feedback, please do not hesitate to reach out to Christopher Hadad (faculty Chair of the NMS Subcommittee) or me.

Best,  
Jennifer
