---

Good afternoon,

On Tuesday, February 10<sup>th</sup>, the Natural and Mathematical Sciences Subcommittee of the ASC Curriculum Committee reviewed new course requests for EEOB 7010 & 7020.

The Subcommittee approved the requests with the following feedback for both courses:

- **Comment:** The Subcommittee notes a typographical error in the syllabus (p. 4) in the section on AI and Academic Integrity, where the word “All” is missing the “A” in the second paragraph. They offer the friendly recommendation to correct this.
- **Recommendation:** The Subcommittee recommends including the specific readings associated with each class session in the course schedule in the syllabus.

As a reminder, *recommendations* (in italics above) should be implemented when the course is next taught.

EEOB 7010 & 7020 will continue through the approval process to the Graduate School.

Should you have any questions about the feedback, please do not hesitate to reach out to Christopher Hadad (faculty Chair of the NMS Subcommittee) or me.

Best,  
Jennifer
