

April 4, 2007

TO: College of the Arts Curriculum Committee
FROM: Mandy Fox, Director of Undergraduate Studies, Department of Theatre
RE: Theatre 684: Performance Studies in Outreach Theatre

The Department of Theatre requests that the InterACT course, currently offered under Theatre 694: Group Studies, be offered as Theatre 684.01: Creation of Outreach Theatre. The course involves the creation, development and performance of interactive and instructional theatre for social awareness.

Each quarter, InterACT creates, develops and performs original scripts that meet the needs of the collaborating organization. A few examples of past collaborations include: the Office of Faculty and TA Development (FTAD), the Office of Disability Services, the ADA Coordinator's office, the Office of Academic Affairs, and The Women's Conference at the Department of Corrections. InterACT continues to grow in popularity and strengthens both the Department of Theatre and the College of the Art's commitment to outreach and diversity.

Consequently, the course currently listed as Theatre 684: Performance Studies in Outreach Theatre will need to be renumbered as Theatre 684.02: Performance Studies in Outreach Theatre.
