

APPENDIX C:
Program Concurrence Forms

The Ohio State University
Colleges of the Arts and Sciences Program Concurrence Form

The purpose of this form is to provide a simple system of obtaining departmental and college reactions to proposed development of and changes to academic programs. A letter may be substituted for this form.

An academic unit initiating a request should complete Section A of this form and send a copy of the form, course request, and syllabus to each of the academic units that might have related interests in the course. Initiating units should be allowed two weeks for responses.

Academic units receiving this form should respond to Section B and return the form to the initiating unit. Overlap of course content and other problems should be resolved by the academic units before this form and all other accompanying documentation may be forwarded to the Office of Academic Affairs.

B. Information from the academic unit *reviewing* the request should include a reaction to the proposal, including a statement of support or non-support (continued on the back of this form or a separate sheet, if necessary).

The School of Allied Medical Professions supports the Survey Research minor. We expect that SAMP students with an interest in research may find this an attractive minor. Survey research plays a large role in the allied health fields so this would be very appropriate for our students. AM 645 would be available for students pursuing the minor.

Subject: Re: Proposed Interdisciplinary Undergraduate Minor in Survey Research

Hi Linda,

I just realized I didn't get back with you on this. I am fine with Prabu proceeding with 449 and with having the other courses listed below serve as minor course electives. Prabu, did you want 660 listed as well?

Dear Carroll,

We have been working on a new interdisciplinary undergraduate minor in Survey Research. It has been suggested that a new course, Comm 449 will be proposed which will be cross-listed with Poli Sci 449. This course will be a required core course for the minor. We discussed that the course would be taught initially by Poli Sci but then negotiated to be taught by other units as well. The course would be offered under a single unit's name and any generated revenues will flow back to the unit as it does with any other course. I would be happy to discuss the details of this if there are any questions. Also, the development committee suggested the inclusion of the following Communication courses as elective courses:

Comm 545
Comm 620
Comm 650
Comm 672

If the School of Communication concurs with these suggestions, please send me copies of the syllabi, a new course form for Comm 449 (and a proposed syllabus?), and the attached concurrence form by April 6, 2007.

Many thanks,

Linda

We think the proposed Interdisciplinary minor in Survey Research is an excellent initiative that will provide an option that should be of interest to a substantial number of our best undergraduates. We wholeheartedly support it!
