

The Ohio State University
Colleges of the Arts and Sciences Concurrence Form

The purpose of this form is to provide a simple system of obtaining departmental reactions to course requests. A letter may be substituted for this form.

An academic unit initiating a request should complete Section A of this form and send a copy of the form, course request, and syllabus to each of the academic units that might have related interests in the course. Initiating units should be allowed two weeks for responses.

Academic units receiving this form should respond to Section B and return the form to the initiating unit. Overlap of course content and other problems should be resolved by the academic units before this form and all other accompanying documentation may be forwarded to the Office of Academic Affairs.

We support the approval of "Investigating Material Culture", Art Education 764. The course supports courses now offered in Textiles and Clothing. Research methods developed in the material culture area are frequently drawn on by scholars in the areas of design, product, dress, and textile history. The course also would provide essential information for students working with various types of artifacts housed in the OSU Costume and Textiles Collection.
